## SECTION D. REBATE INFORMATION

#### **Project Restrictions:**

- Leak surveys must be conducted with an ultrasonic leak detector.
- Initial and follow-up survey results must be included with rebate form.
- Follow-up survey must be completed within six months of the initial leak survey.
- The follow-up survey must document that at least 50% of the leaks have been repaired.

	AIR COMPF	RESSOR INFORMATION	INITIAL LEAK SURVEY INFORMATION

At least 70% of leaks repaired	\$6				
At least 80% of leaks repaired	\$7				
At least 90% of leaks repaired	\$8				
100% of leaks repaired	\$9				

# **SECTION E. TERMS AND CONDITIONS**

Rebates are available to non-residential electric customers of Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities (herein referred to as The Utility). All products must be in use in facilities in The Utility service territory.

#### **APPLICATION**

Program is offered January 1 through December 31 of the respective calendar year. Due to limited funding, this rebate offer can be changed or withdrawn at any time without notice and is available on a first-come, first-served basis. The entire rebate application must be read and filled out completely or application will be returned.

#### INSPECTION AND VERIFICATION

The Utility reserves the right to inspect the customer's facility through on-site visits before and after leak repairs to verify rebate eligibility. The Utility reminds you to follow all local permitting and building code ordinances.

# **INVOICE AND PAYMENT**

When leak repairs are completed, the customer must submit leak surveys with the dates they were conducted and the results. The follow-up survey must be completed within six months of the initial leak survey. After satisfactory review of the application and surveys, a rebate check or bill credit will be issued to the customer. Vendors or contractors are not eligible to receive their customer's rebate. Please allow 6-10 weeks from the date of application submission for delivery of rebate check or bill credit. The Utility reserves the right to apply the rebate to past due accounts.

# **EQUIPMENT AND REBATE ELIGIBILITY REQUIREMENTS**

Customers are eligible to receive a rebate for repairing compressed air leaks if they meet the following requirements:

- Customers must have a total of at least 10 horsepower of air compressors (excluding backup units) that operate at least 2,000 hours per year.
- Customers must document and verify they have repaired at least 50% of the compressed air leaks identified during their leak survey.
- Customers must complete repairs and perform follow-up leak survey within 60 days of initial survey. A rebate will not be paid more than once per year for repairing the same leak.

## 6. TAX INFORMATION

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors for details.

### **DISCLAIMER**

The Utility does not guarantee that the implementation of energy-efficient measures or use of the equipment purchased or installed pursuant to this program will result in energy or cost savings. The Utility makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warrant of merchantability or fitness for purpose. In no event shall The Utility be liable for any incidental or consequential damages. Customers are solely responsible for the proper disposal of existing equipment. Consult the Minnesota Pollution Control Agency (MPCA) office for details at 800.657.3864.

#### **ENDORSEMENT**

The Utility does not endorse any particular vendor, manufacturer, product, or system in promoting this rebate program. Listing a vendor or product does not constitute an endorsement, nor does it imply that unlisted vendors or products are deficient or defective in any way.

Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners and also may be used in our advertising efforts with your permission as granted in Section B of this rebate application.
